

RFP 26-007: On-Call Transportation Planning and Engineering Services

RFP 26-007 | Federally funded

Summary

NRTA seeks qualified firms to provide on-call transportation planning, traffic engineering, and preliminary design services under task-order contracts.

Key dates

- Issued: August 31, 2026
- Questions due: September 21, 2026, 5:00 p.m.
- Submittals due: October 6, 2026, 2:00 p.m.

Scope of work

- Corridor and area planning studies, including public engagement support
- Traffic operations analysis, signal timing, and safety analysis
- Conceptual and preliminary engineering through 30 percent design
- Environmental documentation support for Categorical Exclusions
- Travel demand model applications and data analysis

Submission requirements

Electronic submittal through the NRTA Vendor Portal

- Technical proposals are limited to 30 pages, excluding resumes and required forms.
- Cost proposals are submitted as a separate file and opened only for firms ranked in the competitive range.
- Late proposals will not be accepted. The Vendor Portal time stamp is the official record of receipt.

Disadvantaged Business Enterprise participation

The DBE contract goal for this solicitation is 14 percent.
